

Zambezi Class Autumn Term 2017 Visits and Visitors

As part of this term's topic of water, we have the following upcoming visit.

- Headingley Water treatment works.

We will find out about how water gets to our homes and how it is treated to make sure it is cleaned and we will find out about the work of Water Aid and how some countries don't have access to clean water.

Cost of the Visit

The school believes wholeheartedly in the value of these experiences, and subsidises the cost of all visits as much as possible in an attempt to ensure that these opportunities are accessible and affordable to all. However, the school seldom has the financial resources to pay the full costs. Consequently, a voluntary contribution is requested from parents/guardians to make up the shortfall. This contribution is genuinely voluntary, and neither you nor your child will be treated differently if you are unable or choose not to contribute.

However, please note that without all such voluntary contributions, this visit may have to be cancelled, as the school is not in a position to provide further financial support. Please regard this as an important investment in your child's education.

Payment requested from parents/guardians £4

I do hope that this visit is able to proceed, but please contact me as soon as possible if you have any queries or concerns, or if you feel unable or unwilling to make the above payments.

Many thanks.

Miss Potter
